HOBBIES AND INTERESTS

I am a very social person and I like to meet people from other cultures, and I enjoy testing of new food. Travel and photography are two of my other hobbies so I started to develop my personal website to share my interests. I take pictures about my travel experiences when visiting new places. These could be a museum, a park, landscapes or cities where I have not been before.

One of my important passions is to collect and listen to music. I also like to watch documentaries and movies.

I enjoy playing table tennis and football, as well as individual sports like cycling and swimming, and I m open to try new sports.
